

# Biomonitoring

---

## Acute Tests

### Freshwater Species:

<i>Daphnia/Ceriodaphnia</i> (48 hr.).....	\$415.00
<i>Daphnia/Ceriodaphnia</i> (24 hr.).....	195.00
Fathead minnow ( <i>Pimephales promelas</i> – 96 hr.).....	525.00
Fathead minnow ( <i>Pimephales promelas</i> – 48 hr.).....	415.00
CO <sub>2</sub> Environment .....	100.00
Additional Dilutions .....	110.00
Screens with One Concentration and Control .....	220.00
pH adjustments .....	85.00

## TIE/TRE – Acute testing for Fathead minnow species

Phase I TIE (Toxicity Identification Evaluation) .....	\$560.00/ per screen
Phase II TIE/TRE (Toxicity Reduction Evaluation) .....	Call For Quote
Phase III TIE/TRE.....	Call For Quote
Initial test.....	\$450.00
Baseline test.....	\$450.00

## TIE/TRE – Acute testing for Daphnia species

Phase I TIE (Toxicity Identification Evaluation) .....	\$440.00/ per screen
Phase II TIE/TRE (Toxicity Reduction Evaluation) .....	Call For Quote
Phase III TIE/TRE.....	Call For Quote
Initial test.....	\$350.00
Baseline test.....	\$350.00

## Chronic Tests

### Freshwater Species:

<i>Daphnia/Ceriodaphnia dubia</i> .....	\$695.00
<i>Daphnia/Pulex</i> (10-day) .....	830.00
<i>Daphnia magna</i> (10-day) .....	1130.00
Fathead minnows.....	830.00
CO <sub>2</sub> Environment .....	100.00
Additional Dilutions .....	137.00
Screens with One Concentration and Control .....	330.00
pH adjustments .....	85.00

## TIE/TRE – Chronic testing for Fathead minnow species

Phase I TIE (Toxicity Identification Evaluation).....	\$925.00/ per screen
Phase II TIE/TRE (Toxicity Reduction Evaluation) .....	Call For Quote
Phase III TIE/TRE.....	Call For Quote
Initial test.....	\$740.00
Baseline test.....	\$740.00

## TIE/TRE – Chronic testing for Daphnia species

Phase I TIE (Toxicity Identification Evaluation).....	\$750.00/ per screen
Phase II TIE/TRE (Toxicity Reduction Evaluation) .....	Call For Quote
Phase III TIE/TRE.....	Call For Quote
Initial test.....	\$600.00
Baseline test.....	\$600.00
